COMMUNITY BLUE

INDIVIDUAL QUALIFIED
HEALTH PLANS

2021

Select Network product designed for Ascension, East Baton Rouge, Livingston and West Baton Rouge parishes.

BEFORE YOU CONTINUE...

Community Blue is a Select Network product.

Select Network products have become the go-to health insurance solution for many people and their families. That's because they offer big cost savings and high quality, coordinated care in your community. Please read this guide and talk with an agent before buying Community Blue to make sure this is the right health plan for you and your family.

It is a perfect fit for some, and not for others.

Price-sensitive and willing to seek care from high-quality providers in a defined network in exchange for lower premiums

Existing patients of primary care providers in Community Blue's network or those willing to change doctors to stay in-network

Willing to choose a primary care provider and work with them to get the most value from their plan

Willing to check our provider directories at bcbsla.com/community-blue or on the mobile app before a doctor visit or hospital stay to find in-network providers

Focus on better health outcomes through coordinated care and various wellness and care management programs

Community Blue may be a good fit if you:

- Are willing to accept a smaller network size for a lower premium and less costly care
- Have reviewed the provider directory and are willing to visit doctors, clinics and hospitals in the Community Blue network

You may want to look at other types of health plans if you:

- Are willing to pay higher monthly premiums to have a broader network and avoid unexpected out-of-pocket expenses
- Need to seek care outside of the Community Blue network

Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc. are Qualified Health Plan Issuers on the Health Insurance Marketplace.

If there is any discrepancy between the information in this brochure and the policy, the policy prevails. Premium will vary with the level of benefits chosen. For complete information, please refer to the policy.

Benefits are based on allowable charges. Allowable charge is defined as the lesser of the billed charge or the amount established or negotiated by Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc. as the maximum amount allowed for all provider services covered under the terms of the policy.

NOTICE: HEALTHCARE SERVICES MAY BE PROVIDED TO YOU AT A NETWORK HEALTHCARE FACILITY BY FACILITY-BASED PHYSICIANS WHO ARE NOT IN YOUR HEALTH PLAN. YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF ANY FEES FOR THOSE OUT-OF-NETWORK SERVICES, IN ADDITION TO APPLICABLE AMOUNTS DUE FOR COPAYMENTS, COINSURANCE, DEDUCTIBLES AND NON-COVERED SERVICES.

SPECIFIC INFORMATION ABOUT IN-NETWORK AND OUT-OF-NETWORK FACILITY-BASED PHYSICIANS CAN BE FOUND AT **WWW.BCBSLA.COM/HBP** OR BY CALLING THE CUSTOMER SERVICE PHONE NUMBER ON YOUR ID CARD.

Welcome to Community Blue:

Get More, Spend Less!

Your Select Network plan is designed to save you money. In exchange for these savings, you must be willing to seek care from primary care doctors, specialists, and local hospitals in your network. There's no correlation between cost and quality – *a limited number of providers doesn't mean limited services*. Select network plans offer the same level of care and benefits as other broader network plans, including emergency room services!

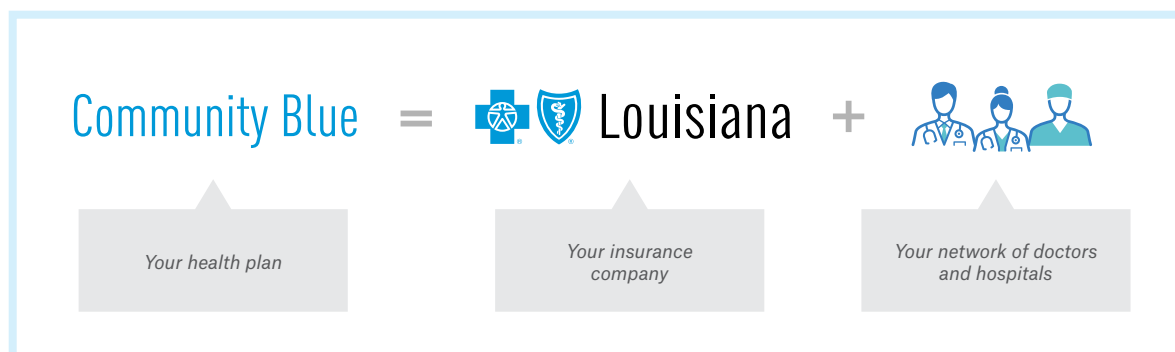

What's different about Community Blue?

- **Your network of doctors and hospitals is more defined** than other insurance plans. But you still have a full network of primary care doctors, specialists and other healthcare providers in your area.
- **You have a coordinated care team** of healthcare professionals who talk to each other and help you get the right care in the right place.
- **Staying in network is very important!** As long as you get care within your Community Blue network, you will always pay less than if you get care outside of the network.

Before you get started, think about:

- Are the doctors/clinics you go to the most in the Community Blue network?
- How much do you want to pay for your monthly premium and how much do you want to pay out of pocket?
- Are you willing to work with your primary care doctor to get the most from your plan?

These answers can help you decide if Community Blue is right for you.

Community Blue plans are products of HMO Louisiana, Inc., a subsidiary of Blue Cross and Blue Shield of Louisiana. Both companies are independent licensees of the Blue Cross and Blue Shield Association. Blue Cross and Blue Shield of Louisiana is incorporated as Louisiana Health Service & Indemnity Company.

Your Community Blue Network

We can offer Community Blue at a lower premium price than our traditional PPO plans because the network consists of select doctors and hospitals. To get the most value out of this health plan and keep costs as low as possible, it's important that you only visit providers who are in the Community Blue network.

Community Blue Service Areas

Community Blue is offered in the Baton Rouge market. You must live in one of these areas to purchase Community Blue:

- **Ascension**
- **East Baton Rouge**
- **Livingston**
- **West Baton Rouge**

Community Blue Doctors and Hospitals

Community Blue is anchored by the Baton Rouge General and Baton Rouge Clinic. In order to offer a broader range of providers and facilities, in addition to Baton Rouge General and Baton Rouge Clinic providers, Community Blue members can also receive in-network benefits from Ochsner Health Network and other Blue Connect participating providers.

It's important to stay in-network! Visit **www.bcbsla.com/community-blue** or use the BCBSLA mobile app to search for the most up-to-date in-network participating providers, which include:

- **Baton Rouge Clinic***
- **Baton Rouge General Physicians Group**
- **Baton Rouge General Medical Center**
- **Ochsner Health Network Physicians and Facilities**

**Does not include gastroenterologists and ear, nose and throat (ENT) physicians at Baton Rouge Clinic*

Selecting a Primary Care Provider

You must pick a primary care provider (PCP) in your network to handle most of your medical needs when sick or injured. This is a doctor practicing in General Practice, Family Practice, Internal Medicine or Geriatrics for adults, or Pediatrics for children. You may also select a Nurse Practitioner (NP) or Physician Assistant (PA) as your PCP if he or she is set up in our system as a network primary care provider.

You must choose a PCP. If you do not choose a PCP, one will be chosen for you. You can change your PCP at any time by logging onto your account at **www.bcbsla.com** or by calling Blue Cross Customer Service at the number on the back of your ID card.

What Is Coordinated Care?

One of the main benefits of a Select Network plan is the coordinated care you'll receive. This means that all of your healthcare professionals will be working as a team to give you the right care, at the right time, in the right places to keep you healthy.

Coordinated care works best when you work with your doctors as an equal partner. With Community Blue, you will get the best care when:

- You choose a primary care provider in the Community Blue network whom you will see when you're sick or injured.
- You take a Personal Health Assessment, which will help your care team get a full picture of your overall health.
- You are proactive about your health by:
 - Seeing your in-network primary care doctor regularly
 - Following your care plans and getting routine exams, checkups and tests
 - Taking medicines as they are prescribed to you
 - Taking advantage of the preventive and wellness services included in your plan at no additional cost to you
 - Letting your primary care provider (PCP) know when you see other doctors

Quality Blue Primary Care

Through our Quality Blue Primary Care (QBPC) program, we share data and information with your in-network doctors enrolled in the program to help them give you focused care. This program continues to bring great results for patients, particularly those with chronic conditions.

What is better with our Quality Blue Primary Care program?

- **Health coaching**

If you have a condition such as high blood pressure, diabetes, heart disease or chronic kidney disease, you may receive helpful calls and extra attention from our Blue Cross nurses between your doctor's appointments to help you stay healthy.

- **Reminders/Appointments**

Doctors will have more information about members' health history and may send notices about screenings, shots or tests they should have.

QBPC is part of any Blue Cross member's benefits. Check out **www.bcbsla.com/myQBPC** to learn more about how this program helps you.

Is my doctor in Quality Blue Primary Care?

Look up your doctor's name in the Community Blue network directory at **www.bcbsla.com/community-blue**. QBPC doctors have a [Q] next to their names.

Your Cost Share

These are the terms you need to know to help you understand your plan.

- **Premium**

A premium is the monthly payment you have to pay for your plan.

- **Copayment**

If your plan has a copayment, or “copay,” this means that you pay a set dollar amount, or flat fee, for some kinds of care, such as at your doctor’s office or pharmacy. Your copayment will be a lower amount for a primary care doctor and higher for specialists.

- **Deductible**

If you choose a plan with a deductible, this is the amount you must pay up front before your insurance pays for your care. If your plan also has copayments, these copays will not count toward your deductible. Your plan will have an in-network deductible and a separate out-of-network deductible.

- **Coinsurance**

Once you’ve paid your deductible, you’ll pay a set percentage, or coinsurance, for your care. You will pay the lowest coinsurance amount when you stay in-network for care.

- **Maximum Out-of-Pocket**

What you pay toward your medical and pharmacy deductibles, copayments and coinsurance applies to your maximum out-of-pocket. Once you’ve reached your maximum out-of-pocket, your insurance will pay 100% of the cost of covered care for the remainder of the calendar year. A separate out-of-pocket-maximum will apply for services you receive out of your network.

What All Individual Qualified Health Plans Cover

All individual Blue Cross qualified health insurance plans meet the rules set by the healthcare reform laws. Any plan you buy will offer the following key benefits and services:

Essential Health Benefits

- **Office visits**
A visit to your doctor's office.
- **Prescription drugs**
Drugs prescribed by a doctor to treat an acute illness, like an infection, or an ongoing condition, like high blood pressure.
- **Preventive and wellness services and chronic disease management**
These services include routine physicals, screenings and immunizations. Chronic disease management is an integrated approach to manage an ongoing condition, like asthma or diabetes.
- **Hospitalization**
Care you receive as a patient in a hospital.
- **Emergency services**
Care for conditions which, if not immediately treated, could lead to serious disability or death.
- **Lab tests, blood work, X-rays**
Testing blood, tissues, etc. from a patient to help a doctor diagnose a medical condition and monitor the effectiveness of treatment.
- **Maternity and newborn care**
Care provided to women during pregnancy and during and after labor; care for newly-born children.
- **Mental health care and substance use disorder services, including behavioral health treatment**
Care to evaluate, diagnose and treat mental health and substance use disorder issues.
- **Pediatric dental and vision services**
All plans include benefits for annual pediatric eye exams, glasses, dental exams, cleanings, fluoride treatment, fillings and oral surgery.
- **Rehabilitation services and devices**
Services and devices to help people with injuries, disabilities or chronic conditions gain or recover mental and physical skills.
- **Contraceptive coverage**
Contraceptive methods and counseling for all women, as prescribed by a healthcare provider.

Preventive and Wellness Benefits

Preventive and wellness services are covered at 100% when you go to a provider in your network. These covered services include annual exams, colonoscopies, mammograms and more. See www.bcbsla.com/preventive for a full list of services that are covered.

Care Management

Members become stronger with our Care Management programs working for them. We offer care management programs with health coaching, education and hands-on support to help members with chronic conditions or serious illnesses get stronger. With a team of clinical professionals, including doctors, nurses, dietitians, pharmacists and social workers, we educate and encourage members on their journey to optimal health. If you have diabetes, heart disease, other chronic conditions, traumatic injuries or serious illnesses, these programs help guide you through the healthcare system and get the services you need in a timely manner. Visit www.bcbsla.com/stronger to learn more.

BlueCare: *Get Care from Anywhere!*

Online medical and behavioral health visits are available to members and any dependents who are covered on their plans. All BlueCare providers are U.S. trained, board-certified.

Medical Visits:

- BlueCare costs less than ER and urgent care centers.
- BlueCare lets you see doctors online, 24/7, to treat non-emergency, common conditions like fever, colds and cough, stomach bugs or pink eye.

Behavioral Health Visits:

- Online appointments for behavioral health needs are available with BlueCare. Simply log in and schedule a visit with a psychology or psychiatry provider.
- BlueCare behavioral health appointments can be a good service for members who may be feeling depression, grief, stress, life transitions, anxiety, couples' counseling and more.

Prescription drugs may be prescribed if needed. Prescription availability is defined by physician judgment; certain types of medication may not be prescribed. Before your BlueCare visit, you'll see what it will cost. This depends on your plan type and benefits. You can use any major credit card, and even HSA or FSA cards, to pay for BlueCare. Your card will not be charged until your visit is over.

To sign up, download the free BlueCare app or go to www.BlueCareLA.com to quickly create your account. Have your Blue Cross ID card number handy.

BlueCare is powered by Amwell, a vendor that provides the BlueCare telehealth platform for Blue Cross and Blue Shield of Louisiana and its subsidiaries.

Also Available

- **Blue Dental for Individuals and Families**

Oral health is about more than a good smile. Having regular dental exams can help find dental problems and other health conditions in the body like diabetes, heart disease, osteoporosis and cancer. Dental providers in the Advantage Plus Network* provide covered services at significant savings to you. Contact your agent or visit www.bcbsla.com/shop-plans/dental for more information.

*Advantage Plus Network is administered by United Concordia Companies, Inc. United Concordia is an independent company that administers dental benefits on behalf of Blue Cross and Blue Shield of Louisiana and HMO Louisiana, Inc.

- **GeoBlue: Health Plans for Travelers**

You can take comfort in the fact that you have access to the best medical care when traveling abroad with our international health plan, GeoBlue. From a two-week leisure trip to a two-year work assignment abroad, you can have the security of knowing you have quality medical care. Visit www.bcbsla.com/geoblue for more information.

Your Community Blue Benefits

Know before you go: Visit www.bcbsla.com/community-blue or use the BCBSLA mobile app to search for participating providers in your network.

When you need care, consider your options and costs:

- **Your primary care doctor or specialist** \$\$\$\$

If you are sick or injured, but it's not a life-threatening emergency, call your doctor and set up an office visit. Make sure that your primary care doctor is in your network, as well as any specialists you may see.

- **BlueCare: 24/7 online doctor** \$\$\$\$

With BlueCare telehealth, you can see a doctor online 24/7 for non-emergency, minor illnesses. It's easier, faster and cheaper than ER or urgent care. Visit www.BlueCareLA.com to enroll and learn more.

- **Urgent care center** \$\$\$

If you have an illness or injury that you need to have looked at quickly, but it's not an emergency, urgent care centers have doctors who can treat you. Most urgent care centers have night and weekend hours, and the doctors there can often do X-rays, lab work or stitches. The wait time will be less than in an emergency room, and you can save money. Call ahead to make sure the urgent care clinic is in your network.

- **Emergency room** \$\$\$\$

If you have a life-threatening emergency, call 911 or go to the nearest emergency room. When it's a true emergency, your insurance will pay for your care no matter which hospital you choose. However, once you're stabilized, we may ask you to move to a hospital in your network.

Look for these signs to tell whether it's an emergency:

- Fainting or unconsciousness
- Breathing trouble or choking
- Nonstop bleeding
- Coughing or vomiting blood
- Chest pain
- Sudden or severe pain anywhere
- Sudden dizziness

- **Planned stays in the hospital**

If you go to an in-network hospital:

As long as you're staying at an in-network hospital and your doctor receives an authorization from us before your stay, then you will get in-network benefits.

If you go to another hospital that is outside of the network:

If the hospital is outside of your Community Blue network, you will need prior authorization to determine whether your stay is medically necessary. You will pay higher out-of-network costs. You may also be balance billed.

- **Lab services**

Community Blue has a select laboratory network. If you go to a lab in the network, you will pay less than you would for tests done by a lab outside of the network. If you have tests done outside of the network, you may have to pay higher costs, up to the billed charge.

- **Prior authorization**

Some kinds of care, including inpatient and outpatient services and supplies, require a prior authorization from us, which will determine the medical necessity of the service or supply. Your in-network provider will take care of the authorization for you.

For a list of services and supplies requiring prior authorization, please refer to your schedule of benefits.

Your Prescription Drug Coverage

Prescription drug benefits are included in all plans. A mail order program is also available and highly recommended for lower costs. Drug benefits are managed by Express Scripts.* To get the most value from your drug benefits, you should take a drug that is covered under your plan.

Zero Dollar Drug Copay Program

With our \$0 Drug Copay Program, most members can get drugs in the program without worrying about the cost. Not taking needed medicines for chronic health problems can be dangerous and cause lasting health damage.

Members who have an eligible plan can get \$0 Drug Copay Program drugs at no cost share. Go to **www.bcbsla.com/covereddrugs** for a list of drugs in the program. To find out if you have an eligible plan, call the Customer Service number on your ID card.

Covered Drug Lists

Your plan has a covered drug list, or formulary, that includes thousands of generic and brand drugs, but not every drug is covered. How much you pay for the drugs on the list depends on the plan you choose and the drug you buy. If you fill a drug that is not on the covered drug list, you could have to pay the full cost of the drug.

Two things a covered drug list can tell you:

1. If there are other drugs you can take for your health problem that will cost you less.
2. If there are any rules that you must follow before a drug is covered.

Find out if your drugs are covered before you fill

You and your doctor can check to see if drugs you take are covered at **www.bcbsla.com/pharmacy**. If your doctor orders a new drug for you, ask him or her if the drug is on your covered drug list before you go to the pharmacy.

*Express Scripts, Inc. is an independent company that provides pharmacy benefit management services to Blue Cross and Blue Shield of Louisiana, Inc. and HMO Louisiana, Inc.

Pay close attention to what your plan has. Is it a 2-tier or a 3-tier pharmacy plan?

This means that your plan has either two tiers of cost for drugs or three tiers of cost for drugs. Drugs in the lower tiers cost less than drugs in the higher tiers. To save the most money, start with a drug in tier 1. If that one doesn't work, you can talk to your doctor about a higher cost drug in a higher tier, and so on.

2-Tier Pharmacy Plans		
Coinsurance will apply once your medical deductible is met.		
Tier 1	\$	Generic Drugs
Tier 2	\$\$	Brand Drugs

3-Tier Pharmacy Plans		
A separate drug deductible may apply, then copayments or coinsurance.		
Tier 1	\$	Primarily generic drugs, although some brand-name drugs may fall into this category
Tier 2	\$\$	Includes traditional and specialty brands and generics and biosimilars
Tier 3	\$\$\$	Includes traditional and specialty brands and generics and biosimilars and covered compound drugs
