Once these accounts are activated, each Superuser can go to <https://employers.lablue.com/AccessBlue> and log in to handle many routine customer service needs 24 hours a day, seven days a week, including:

- Enroll new hires for medical, dental, vision, life and disability.
- Perform member maintenance transactions.
- View and download digital ID cards.
- Order replacement ID cards.

Your members can also manage their routine health insurance needs 24/7. By registering for their own secure online accounts, your members can see their claims and statements, get details on their health plan, choose to go paperless, view their digital ID card, find health information and more.

Next, be sure to engage with our worksite wellness services. These programs, many of which are offered at no extra cost, can help improve your members' well-being. More information on these programs is included in your welcome kit.

Finally, encourage your members to take advantage of our Health Assessment located within their secure online account. Our free health assessment service lets members take an online questionnaire that helps them find out about their health risks and learn about how to address them.

# Thank You for Choosing Louisiana Blue

Since 1934, Louisiana Blue has proudly served the healthcare needs of Louisianians. We're committed to providing health guidance and affordable access to quality care, while delivering value at every turn. We are here to help your organization understand and respond to the healthcare requirements that continue to develop since the passage of the healthcare reform act in 2010.

As a group leader or administrator, you can be sure that we negotiate the best possible rates with providers and maintain the largest, most comprehensive network—all to keep rising healthcare costs manageable while safeguarding your members' health. And because of our unique relationship with hospitals, doctors and other healthcare providers in the state, we are able to offer discounts on services from many network providers and pass the savings on to you and your members.

Our participating providers agree to not bill customers for charges in excess of the negotiated price (you can find a list of providers at [www.lablue.com/findcare](http://www.lablue.com/findcare)). They also agree to file claims on behalf of our members.

In turn, we provide prompt claims payment, updates on changes in policies and providers, and exceptional customer service. That's why Louisiana Blue is Louisiana's largest health insurer, serving more than 1.9 million members.

## Financial Incentives

All of our participating providers agree to accept our negotiated payment amounts. Any additional financial incentives agreed upon by both parties will not include any provisions which include incentives or specific payments as an inducement to deny, reduce, limit, or delay specific, medically necessary and appropriate services provided with respect to members. All utilization management services are based only on appropriateness of care and service and existence of coverage.

We define value the way you do. Louisiana Blue features a variety of competitively priced healthcare plans, backed by the financial strength and reliability you've come to expect from the Cross and Shield. In addition, Louisiana Blue offers you and your members:

- Strong networks of doctors and hospitals
- Comprehensive wellness programs to help keep you and your members healthy
- Online health management tools
- Care management services
- Pharmacy management services
- Responsive, local customer service

## Financially Strong and Reliable

**Feel confident about the strength and stability of Louisiana Blue.**

We continue to receive “A” ratings for financial strength from noted national rating service Standard & Poor’s year after year. We also maintain a reserve fund to protect our policyholders and ensure our ability to pay your claims is not endangered by outside factors, such as a slow economy or a natural disaster.

You can also trust that we take our responsibility for your members’ privacy and quality standards seriously. We hold accreditations from top national healthcare standards organizations.

## Strong Provider Networks

With Louisiana Blue, your members now have access to expansive networks and quality care throughout the state. And thanks to the discounts we’ve negotiated, they’ll enjoy savings as well.

## Care Management Services

Members become STRONGER THAN EVER with our care management programs working for them. We offer care management programs with health coaching, education and hands-on support to help members with chronic conditions or serious illnesses. With a team of clinical professionals, including doctors, nurses, dietitians, pharmacists and social health coaches, we share personalized information to encourage members on their journey to optimal health.

Our Care Management Department oversees a number of proactive outreach initiatives, many of which are free, to improve patient health outcomes and minimize costs as an added service for your members.

These initiatives include:

- Case management, disease management, post-discharge outreach calls and pharmacy care coordination. We also send reminder notices for preventive care, such as mammograms, cancer screenings and immunizations.
- Our Case Management staff is here to assist any of your members with acute illnesses in managing their health and their healthcare dollars. Our nurses and health coaches can help your members be strong and work on their health challenges. For those with chronic conditions such as asthma, diabetes and heart failure, the Disease Management Program staff provides coaching along with educational materials and advice on medications and treatment plans designed to complement—not replace—the care they receive from their physicians.

## Pharmacy Services

**Louisiana Blue's pharmacy team works daily to help your members get the medicines they need, manage their care and keep costs in check.**

Our clinical staff works with our Pharmacy & Therapeutics Committee, a group of Louisiana doctors and pharmacists who help us make decisions about drug coverage. Your Covered Drug List will tell your members what drugs are covered and their cost share tiers, if there are drugs that will cost your members less, and what rules may apply to each drug. Check out [www.lablue.com/pharmacy](http://www.lablue.com/pharmacy) for more information.

## Zero Dollar Drug Copay Program

Our \$0 Drug Copay Program offers \$0 copay for certain drugs used to treat certain chronic conditions. Members do not have to meet a deductible before getting program drugs for \$0. Drugs in this program are regularly recommended to treat asthma, chronic obstructive pulmonary disease (COPD), coronary heart disease, diabetes, heart failure, depression and other common chronic conditions. The \$0 Drug Copay Program is available for copay-based pharmacy benefits. The program is not available for coinsurance-only pharmacy benefits. Go to [www.lablue.com/covereddrugs](http://www.lablue.com/covereddrugs) for a list of drugs in the program. To find out if their plan is eligible, your members can call the Customer Service number on the back of their ID card.

## Identity Protection Services

**If your members are eligible, they may receive FREE identity protection services from Experian.**

**Experian Identity Repair and Restoration** will provide an investigator to recover financial losses and restore credit if your members experience fraud or identity theft.

**Experian Fraud Alerts With Credit Monitoring** provides alerts if your members' personal information is reported to Experian by industry security professionals such as the FBI. This includes Social Security numbers, credit card numbers, PIN numbers and more. It also alerts you if banks and creditors use your identity to open new credit accounts. And these protections apply to all parts of life, not just healthcare.

## Save by Comparing Costs for Healthcare and Prescription Drugs

**Price comparison tool for healthcare savings:** Costs for care can vary widely from one facility to the next, differing by hundreds or even thousands of dollars. The lower the cost of the procedure, the less your members may pay up front and out of their own pocket to cover deductibles or coinsurance.

With the exception of Federal Employee Program members, any Louisiana Blue member age 18 or older can use our price comparison tool to get cost estimates for healthcare procedures.

**Rx Savings Solutions for prescription drug savings:** Using prescription pricing and claims data, Rx Savings Solutions shows your members ways to save money on their prescription drugs, including finding the network pharmacy with the best pricing or finding a less expensive option for their current prescription.

## Convenient Online Provider Visits

BlueCare is Louisiana Blue's telehealth platform, which lets your members have online visits with medical providers 24/7 and behavioral health providers by appointment. ### Medical Visits:

- BlueCare costs less than the emergency room and urgent care centers.
- BlueCare lets your members see a medical provider online, 24/7, to treat routine, nonemergency health conditions like fever, colds and cough, stomach bugs or pink eye.

### Behavioral Health Visits:

- BlueCare behavioral health appointments can be a good service for members who may need help with depression, grief, stress or anxiety, or who are dealing with life transitions ... and more.

Visit cost will depend on the plan type and benefits. Your members can use any major credit card and even health savings account, health reimbursement arrangement or flexible spending account cards to pay for BlueCare. Their card will not be charged until their visit is over.

Your members can also use BlueCare to get a prescription, to check in with a doctor if they need a follow-up visit or when traveling. BlueCare providers are available in all 50 states. BlueCare meets state and federal healthcare services laws, is HIPAA-compliant and is as valid as an in-person visit.

Encourage your members to use BlueCare with our convenient and easy-to-use Group Leader communications toolkit. Visit <https://employers.lablue.com/bluecarela> to learn more.

We are not required to agree to your request. If we do agree, we will honor our agreement, except in a medical emergency or as required or authorized by law. Any agreement we may make to a request for restriction must be in writing and agreed to by our Privacy Office.

**Confidential Communication:** If you believe that a disclosure of all or part of your health information may endanger you if sent to your current mailing address, you have the right to request that we communicate with you in confidence about your health information by a different means or to a different location that you specify. You must make your request in writing, and your request must represent that the information could endanger you if it is not communicated in confidence as you request.

We will accommodate your request if it is reasonable. You must specify the alternative means of contact or location for confidential communication, and continue to permit us to collect premiums and pay claims under your health plan. Please note that other information that we send to the subscriber about healthcare benefits received may contain sufficient information to reveal that you obtained healthcare for which we paid, even though you

requested that we communicate with you about that healthcare in confidence. If you have given someone else permission to receive health information about you, a request for confidential communications will cancel this permission unless you tell us otherwise.

**Electronic Notice:** If you receive this Notice on our website or by electronic mail (email), you have the right to receive this Notice in written form. Please contact us using the information at the end of this Notice to obtain this Notice in written form.

**Potential Impact of State Privacy Laws:** The federal healthcare Privacy Regulations generally do not “preempt” (or take precedence over) state privacy or other applicable laws that provide individuals greater privacy protections. As a result, to the extent state law applies, the privacy laws of a particular state, or other federal laws, rather than the HIPAA Privacy Regulations, might impose a privacy standard under which we will be required to operate. For example, where such laws have been enacted, we will follow more stringent state privacy laws that relate to uses and disclosures of the protected health information concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, reproductive rights, or disclosure of health information of minors.

**Breach Notification:** In the event of a breach of your unsecured health information, we will provide you notification of such a breach as required by law or where we otherwise deem appropriate.

### Questions and Complaints

If you want more information about our privacy practices or have questions or concerns, please contact us using the information at the end of this Notice.

If you are concerned that we may have violated your privacy rights, or you disagree with a decision we made about access to your health information or in response to a request you made to amend, restrict the use or disclosure of, or communicate in confidence about your health information, you may complain to us using the contact information at the end of this Notice. You also may submit a written complaint to the U.S. Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Avenue, S.W., Washington, D.C. 20201. You may contact the Office for Civil Rights’ Hotline at 1-877-696-6775 or visit [www.hhs.gov/ocr/privacy/hipaa/complaints](http://www.hhs.gov/ocr/privacy/hipaa/complaints).

We support your right to the privacy of your health information. We will not retaliate in any way if you choose to file a complaint with us or with the U.S. Department of Health and Human Services.

## LLHIGA NOTICE

### Summary of the Louisiana Life and Health Insurance Guaranty Association Act and Notice Concerning Coverage Limitations and Exclusions

- A. Residents of Louisiana who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Louisiana Life and Health Insurance Guaranty Association, or LLHIGA. The purpose of LLHIGA is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this happens, LLHIGA will assess its other member insurance companies for the money to pay the claims of insured persons who live in this state, and in some cases, to keep coverage in force. However, the valuable extra protection provided by these insurers through LLHIGA is limited. As noted in the disclaimer below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

#### Disclaimer

The Louisiana Life and Health Insurance Guaranty Association provides coverage of certain claims under some types of policies if the insurer becomes impaired or insolvent. COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY. Even if coverage is provided, there are significant limits and exclusions. Coverage is generally conditioned upon residence in this state. Other conditions may also preclude coverage.

Insurance companies and insurance agents are prohibited by law from using the existence of the association or its coverage to sell you an insurance policy. You should not rely on the availability of coverage under the Louisiana Life and Health Insurance Guaranty Association when selecting an insurer.

The Louisiana Life and Health Insurance Guaranty Association or the Department of Insurance will respond to any questions you may have which are not answered by this document.

- B. The state law that provides for this safety-net coverage is called the Louisiana Life and Health Insurance Guaranty Association Law (the law), and is set forth at R.S.22:2081 et seq. The following is a brief summary of this law's coverage, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change any person's rights or obligations under the law or the rights or obligations of LLHIGA.
- C. Generally, individuals will be protected by the Louisiana Life and Health Insurance Guaranty Association if they live in this state and hold a direct non-group life, health, health maintenance organization, or annuity policy or contract, a certificate under a direct group policy or contract for a supplemental contract to any of these, or an unallocated annuity contract, issued by an insurer authorized to conduct business in Louisiana. The beneficiaries, payees or assignees of insured persons may also be protected as well, even if they live in another state; unless they are afforded coverage by the guaranty association of another state, or other circumstances described under the law are applicable.

#### D. Exclusions from Coverage

1. A person who holds a direct non-group life, health, health maintenance organization, or annuity policy or contract, a certificate under a direct group policy or contract for a supplemental contract to any of these, or an unallocated annuity contract is not protected by LLHIGA if:
  - a. he is eligible for protection under the laws of another state;
  - b. the insurer was not authorized to do business in this state;
  - c. his policy was issued by a profit or nonprofit hospital or medical service organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, an insurance exchange, an organization that issues charitable gift annuities as is defined by law, or any entity similar to any of these.
2. LLHIGA also does not provide coverage for:
  - a. any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
  - b. any policy of reinsurance (unless an assumption certificate was issued);
  - c. interest rate or crediting rate yields, or similar factors employed in calculating changes in value, that exceed an average rate;
  - d. dividends, premium refunds, or similar fees or allowances described under the law;
  - e. credits given in connection with the administration of a policy by a group contract holder;
  - f. employers', associations' or similar entities' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them) or uninsured;
  - g. unallocated annuity contracts (which give rights to group contract holders, not individuals), except if qualified by law;
  - h. an obligation that does not arise under the express written terms of the policy or contract issued by the insurer to the policy owner or contract owner, including but not limited to, claims described under the law;
  - i. a policy or contract providing any hospital, medical, prescription drug or other healthcare benefits pursuant to "Medicare Part A coverage", "Medicare Part B coverage", "Medicare Part C coverage", or "Medicare Part D coverage" and any regulations issued pursuant to those parts;
  - j. interest or other changes in value to be determined by the use of an index or other external references but which have not been credited to the policy or contract or as to which the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer, whichever is earlier.

#### E. Limits on Amounts of Coverage

1. The Louisiana Life and Health Insurance Guaranty Association Law also limits the amount that LLHIGA is obligated to pay out.
2. The benefits for which LLHIGA may become liable shall in no event exceed the lesser of the following:
  - a. LLHIGA cannot pay more than what the insurance company would owe under a policy or contract if it were not an impaired or an insolvent insurer.
  - b. For any one insured life, regardless of the number of policies or contracts there are with the same company, LLHIGA will pay a maximum of \$300,000 in life insurance death benefits, but not more than \$100,000 in net cash surrender and net cash withdrawal values for life insurance.
  - c. For any one insured life, regardless of the number of policies or contracts there are with the same company, LLHIGA will pay a maximum of \$500,000 in health insurance benefits, and LLHIGA will pay a maximum of \$250,000 in present value of annuities, including net cash surrender and net cash withdrawal values.
3. In no event, regardless of the number of policies and contracts there were with the same company, and no matter how many different types of coverages, LLHIGA shall not be liable to expend more than \$500,000 in the aggregate with respect to any one individual.

## MEMBER DATA PROTECTION STATEMENT

At Louisiana Blue, our mission is to improve the health and lives of Louisianians—including by how we store, use and protect our members' data. Louisiana Blue has strong processes in place, which all of our employees must follow to protect members' data in all forms (spoken, written and/or electronic).

Louisiana Blue approaches members' data protection from three perspectives—physical security, cybersecurity and privacy. Louisiana Blue recruits, hires and trains qualified staff who work together to safely store our members' information and make sure all employees are following the laws and regulations that protect it.

Louisiana Blue has extensive policies and procedures that outline the security and privacy standards and responsibilities for protecting members' data. Employees are trained on Louisiana Blue data protection protocols as soon as they start working here, and all employees have refresher training at least once a year.

Louisiana Blue does not give every employee access to members' information, and not all access is the same. How much member information any Louisiana Blue employee can access depends on his/her job and role within the company. Employees can only get to the information they need to do their jobs and not anything else. For example, a Customer Service adviser who needs member information to answer calls is able to see those records, but a business analyst working on internal projects would not need this access.

### **Spoken Data**

Before Louisiana Blue employees give information over the phone or in person, they take steps to authenticate the identities of the people requesting information. This is to make sure the people calling are really who they say they are and that they have the right to request that information. Louisiana Blue has a process for our members to let us know whom they want to be an authorized delegate or legal representative. That means you are giving permission for them to contact Louisiana Blue and ask for information on your behalf.

### **Written Data**

Louisiana Blue has strong privacy protection rules for paper documents. Employees are required to keep records in a safe place where they cannot be seen, for example in a locked file cabinet instead of lying on a desk. Louisiana Blue requires employees to go through their computers and securely destroy electronic files that are no longer needed. This prevents the information in these records from being stolen or accessed by the wrong people.

### **Electronic Data**

Louisiana Blue IT staff uses the latest technology to keep electronic information secure by encrypting it within internal systems so that no one can get to it from outside the system. The IT staff members have processes in place to detect and prevent hackers from getting to our technical systems and monitor how employees access and use information within the organization.

If you have questions about how Louisiana Blue uses, stores or protects members' data, call our Information Governance Office at (225) 298-1751.
