Hospital-Based Physician Chart Instructions

This is a list of the hospitals and ambulatory surgery centers in this region that participate in the Blue Cross networks. Follow these steps to get the information you need:

- 1 Find the facility where you will be receiving care. They are in alphabetical order.
- 2 Next to each facility, you will see a list of the hospital-based physicians/groups who practice at that facility.
- 3 The next five columns of the table represent the specialties that are considered hospital-based and include: Anesthesiology, emergency medicine, neonatology, pathology and radiology. There will be a checkmark (✓) in the appropriate specialty column for each physician or group who participates in the Blue Cross networks. If there is no ✓, it means that the facility does not have that hospital-based physician specialty or the facility has not reported data to Blue Cross (Data Not Received).
- 4 The two columns in blue show whether the physician or group is
 - ✓ Participating in Blue Cross' Preferred Care PPO network;
 - ✓ Participating in the HMO Louisiana network (if applicable)
- 5 The last column will be highlighted in red if the physician or group is
 - ✓ Not participating in any Blue Cross network and therefore considered "out-of-network"

What you can do with this information:

If you are planning to have a medical procedure or service at a network facility that has one or more out-of-network hospital-based physician(s), you may be balance billed for the difference between the Blue Cross allowable charge and the provider's billed charge. You may consider asking your doctor whether you can have your procedure at another hospital. If that is not possible, you may be "balance billed" by an out-of-network (non-contracted) provider. In that case, call the out-of-network provider's office and ask whether they will accept Blue Cross' allowable charge as full payment for their services.

If you have questions, call Customer Service at the number on your member ID card, or use the [secure online inquiry form](#) to send us your question.

End 

This chart tells you the contracting status of hospital-based physicians in the following specialties: anesthesiology, emergency room medicine, neonatology, pathology and radiology.

✓ Participates in Blue Cross and/or HMO networks

For more information on reading the chart, please refer back to the Find a Doctor web page at www.BCBSLA.com.

Reporting is required by the "Health Care Consumer Billing and Disclosure Protection Act" of the 2009 Louisiana Legislative Session. A facility is required to report this information to each insurer with which it contracts.

18NW1700 R12/18

Blue Cross and Blue Shield of Louisiana is incorporated as Louisiana Health Service & Indemnity Company. HMO Louisiana, Inc. is a subsidiary of Blue Cross and Blue Shield of Louisiana. Both companies are independent licensees of the Blue Cross and Blue Shield Association.
