Hospital-Based Physician Chart Instructions

This is a list of the hospitals and ambulatory surgery centers in this region that participate in the Blue Cross networks. Follow these steps to get the information you need:

- 1 Find the facility where you will be receiving care. They are in alphabetical order.
- 2 Next to each facility, you will see a list of the hospital-based physicians/groups who practice at that facility.
- 3 The next five columns of the table represent the specialties that are considered hospital-based and include: Anesthesiology, emergency medicine, neonatology, pathology and radiology. There will be a checkmark (✓) in the appropriate specialty column for each physician or group who participates in the Blue Cross networks. If there is no ✓, it means that the facility does not have that hospital-based physician specialty or the facility has not reported data to Blue Cross (Data Not Received).
- 4 The two columns in blue show whether the physician or group is
 - ✓ Participating in Blue Cross' Preferred Care PPO network;
 - ✓ Participating in the HMO Louisiana network (if applicable)
- 5 The last column will be highlighted in red if the physician or group is
 - ✓ Not participating in any Blue Cross network and therefore considered "out-of-network"

What you can do with this information:

If you are planning to have a medical procedure or service at a network facility that has one or more out-of-network hospital-based physician(s), you may be balance billed for the difference between the Blue Cross allowable charge and the provider's billed charge. You may consider asking your doctor whether you can have your procedure at another hospital. If that is not possible, you may be "balance billed" by an out-of-network (non-contracted) provider. In that case, call the out-of-network provider's office and ask whether they will accept Blue Cross' allowable charge as full payment for their services.

If you have questions, call Customer Service at the number on your member ID card, or use the [secure online inquiry form](#) to send us your question.

End ■
