## Multi-factor Authentication

The BCBSLA tool for multi-factor authentication (MFA) is PingID. On your first login to the new Broker Portal, you will be shown the PingID registration process. It is **strongly** recommended that two options for account recovery are installed. The best option is to combine email and any of the following three: SMS text message, voice call, or the PingID application.

1. Select Continue

## Select Two Authentication Methods

2. Select Email and then one of SMS/Texting, Voice or Mobile App.

	Ping Pingl	D Registration	
	Authentication	Method Selection	
	Select the option you want to cor	figure for use during authentication:	
SMS/Texting	Voice	Email	Secondary Email
° 🗭 🖪	0		•
	Mobile O	App	
Please note	Cancel	Reset Next	om vour account.
	Powered by	y <mark>Ping</mark> klentity'	,

## Using Text Message (SMS) or Email

**3.** You will be prompted to enter phone number and select next.

	Ping Pin	gID Registration	
	Authenticatio	n Method Selection	
	Select the option you want to	configure for use during authentication:	
SMS/Texting	Voice	Email	Secondary Email
A • 💬	<ul> <li>2</li> </ul>	•	•
	Mob	ile App	
	0		
	Enter or verify the number below before	continuing: 1 555-111-2222	□ <b>B</b>

- 4. You will receive a texted Registration Code from Ping to enter on the following screen.
  - A. Enter the code in Box A and select "Next".

Ping PingID Registration
Registration Code from SMS/Text Message
SMS delivers a text message to a mobile phone with a 6 digit authentication code as part of the log in process. Register a mobile device as an additional option in case your other device is not available.
Please enter the registration code that was received via SMS.
Click the 'Next' button only once.
(A) 601738
Cancel Change Device Resend OTP Next B
Please note that if you choose to cancel, all previously registered devices will be removed from your account.

- 6. When a second device is registered, you will be able to choose the authenticating device by selecting "Change Device" (B) below.
- 7. Once the device for authentication has been chosen, the SMS message will be sent you will be prompted for the passcode (A).
- 8. Enter the code and select "Sign on".

Authentication SMS sent to Mobile 1 (******92 ) Enter the passcode you received.	Authenticated
Change Device Sign On	Settings Ping D

Success! You will now be directed to the portal.

## Using the PingID App

9. If using the PingID app option, you must first download and open the PingID app from their App Store. You will be required to pair your device by scanning the QR code or entering the "Pairing Key".

PingID Registration
Mobile App Setup
Most users should already have the PingID App installed. If it isn't, install it from the App Store. PingID is also available in the App Store and on Google Play. If you have a non-employee account, click on the appropriate icon below to install PingID on non-managed and 3rd party devices.
To complete the pairing, start the PingID app on your mobile device, complete one of the follow:
<ul> <li>Scan the QR code shown on the screen by framing it within the scanning window of the application</li> <li>Click the button on your mobile device that allows you to manually enter the 10 digit pairing code shown on the screen.</li> <li>Pairing Key: 112739721810</li> </ul>
Available for iPhone & iPad
Cancel Change Device
Please note that if you choose to cancel, all previously registered devices will be removed from your account.
