Do you want to continue receiving care from your doctor?

Request for Benefits for Continuity of Care

What Is the Purpose of This Form?

At Blue Cross and Blue Shield of Louisiana or our subsidiary HMO Louisiana, Inc., we understand that sometimes doctors or other providers leave our networks while they are still treating some of our members. In certain cases, we allow members to have benefits to continue receiving services from their doctors or providers who are no longer in the network (an out-of-network provider).

You may have the right to continue to go to an out-of-network provider for a limited time. If approved, you could see that provider until the course of treatment is complete or 90 days after we notified you the provider is leaving the network, whichever comes first.

With your provider’s help, fill out the Request for Benefits for Continuity of Care to ask us to consider your case. Once you send us your completed form, we will carefully review your case. After we reach a decision, we will notify both you and your provider.

When Will We Deny Benefits to Continue Care?

If your provider tells us that you meet any of the criteria listed, we may approve benefits for you to continue care with that provider. But we will not approve benefits to continue care if:

- Your provider was terminated from the network because your provider’s license to practice in Louisiana was suspended or revoked or for another documented reason related to quality of care; or
- Your provider was terminated from the network because of fraud; or
- You choose to change providers; or
- You move out of our geographic service area; or
- You do not meet the health conditions listed on this form to qualify for benefits to continue care from an out-of-network provider.

I understand and agree to the terms described in this form.
I know that Blue Cross considers each case individually, and that this request is only to treat the specific health condition or to obtain the specific service explained in this form.

Usually, to receive benefits according to my contract, I must go to doctors or providers in my network. My contract explains any limitations or exclusions of my plan.

Any approval you may give me to continue care with my doctor or provider is temporary. If you approve my request, it will last for up to 90 days. You are only providing network level of benefits so I can continue to go to my doctor or provider who is no longer in the network for a specific health condition or service. You are not extending benefits in my contract for any other reason or in any other manner.
