

Select Prescription Drugs with Over-the-Counter Options Excluded from Coverage

Each year, as new drugs are approved or older drugs change in price, we make changes to how they are covered under our plans. We also remove drugs from coverage, if needed. We make these changes to keep costs down, while still allowing choices in care.

About this list:

This sheet explains which prescription drugs with over-the-counter options are **not covered** for most Blue Cross or HMO Louisiana, Inc. plans. This is not a full list of drugs that are not covered. Please read your plan booklet for more about excluded drugs, as benefits may vary by group and individual plans.

Health Condition	Drug Not Covered	Over-the-Counter Options
<i>Health problems the drug may treat.</i>	<i>These drugs are not covered because they have over-the-counter options.</i>	<i>You can buy these drugs over the counter.</i>
