

## What are participants saying about their Catapult Checkup?

- + I don't know when I enjoyed being with or even talking to nurses or doctors. But this was a very pleasant experience for me. Thank you.
- + I was delighted to have this opportunity brought to our office. The service was spectacular and submitting the info directly to my personal physician was an added perk! Look forward to next time.
- + I thought that this was a very good experience. I received a thorough checkup of everything and didn't have to wait, as I do when I go to the doctor.
- + I was so pleased with the process. All my information was explained to me in a manner I could understand.
- + I appreciate the help and information that was given to me. I would also say that the technician who looked up the doctors available in my area was very patient, friendly and kind. It was a very good experience, and now I have some important information to take care of.
- + I was expecting a flu shot but received a thorough analysis of my body. This was great and so informative.
- + I appreciate that the health checkup was offered here at the court. It is always helpful to know where I stand health-wise, so that I can make lifestyle changes for the betterment of my health. Thank you.
- + As rated, my experience was awesome, and I am so happy I signed up for this. I am very pleased with the outcome, and I am motivated to do a better job with exercising and eating healthier so that next year, my health check will be even better than this year.
- + Thank you very much Catapult for coming to our clinic, otherwise I might not have found out how my health stood. Now with the screening, I think it will make me more conscience of what I need to work on and what I need to do to stay healthy. Thanks again.
