Healthcare Reform: What Does It Mean to You?

Healthcare changed when the Affordable Care Act (ACA) – also known as healthcare reform – went into effect in 2010. Here’s what you need to know:

1. The ACA recommends all individuals have health coverage.

Blue Cross and Blue Shield of Louisiana currently serves 1.8 million members. We offer plans for every budget so you can get coverage and peace of mind.

2. You might qualify for help from the government.

If you qualify based on your income, you can get subsidies – also known as advanced premium tax credits – from the federal government to help you pay for your health insurance. If you qualify, these subsidies are available when you buy a plan through healthcare.gov and may help lower your health insurance costs significantly. To find out if you qualify for help paying your premiums, visit www.bcbsla.com/whatyoupay.

3. You can’t be denied coverage.

Even if you’re sick or have a pre-existing condition, you can’t be charged more or denied coverage.

How Your Plan Works

Your Cost Share

These are the terms you need to know to help you understand the benefit charts in this brochure.

- **Premium**

A premium is the monthly payment you have to pay for your plan.

- **Copayments**

If your plan has a copayment, or copay, this means that you pay a set dollar amount, or flat fee, for some kinds of care, such as at your doctor's office or pharmacy. Your copayment will be a lower amount for a primary care doctor and higher for specialists.

- **Deductibles**

If you choose a plan with a deductible, this is the amount you must pay up front before your insurance pays for your care. If your plan also has copayments, these copays will not count toward your deductible. Your plan will also have a separate out-of-network deductible.

- **Coinsurance**

Once you've paid your deductible, you'll pay a set percentage, or coinsurance, for your care. You will pay the lowest coinsurance amount when you stay in-network for care.

- **Maximum Out-of-Pocket**

What you pay toward your medical and pharmacy deductibles, copayments and coinsurance applies to your maximum out-of-pocket. Once you've paid your maximum out-of-pocket, your insurance will pay 100% of the cost of covered care for the remainder of the calendar year. A separate out-of-pocket-maximum will apply for services you receive out of your network.

Your Plan's Network Coverage

Blue Cross and Blue Shield of Louisiana has one of the largest doctor and hospital networks in the region. This means you have access to the care you need at a lower price. In order to get the most out of your health plan and keep your costs as low as possible, it's important that you get care from a provider in your network.

It's easy to look up doctors and hospitals in your network. Just go to www.bcbsla.com/findcare or use the BCBSLA mobile app and choose your plan's network directory.

Selecting a Primary Care Provider

With Blue POS or a Select Network, you must pick a primary care provider (PCP) in your network to handle most of your medical needs when sick or injured. This is a doctor practicing in General Practice, Family Practice, Internal Medicine or Geriatrics for adults, or Pediatrics for children. You may also select a Nurse Practitioner (NP) or Physician Assistant (PA) as your PCP if he or she is set up in our system as a network primary care provider. You must choose a PCP. If you do not choose a PCP, one will be chosen for you. You can change your PCP at any time by logging onto your account at www.bcbsla.com/login or by calling Blue Cross Customer Service at the number on the back of your ID card.

Your Prescription Drug Coverage

Prescription drug benefits are included in all plans. A mail order program is also available and highly recommended for lower costs. Your plan may have a separate drug deductible. Drug benefits are managed by Express Scripts.* To get the most value out of your drug benefits, you should take a drug that is covered under your plan.

**Express Scripts is an independent company that provides pharmacy benefit management services to Blue Cross and Blue Shield of Louisiana.*

Zero Dollar Drug Copay Program

With our \$0 Drug Copay Program, most members can get drugs in the program without worrying about the cost. Not taking needed medicines for chronic health problems can be dangerous and cause lasting health damage.

Members who have an eligible plan can get \$0 Drug Copay Program drugs at no cost share. Go to www.bcbsla.com/covereddrugs for a list of drugs in the program. To find out if you have an eligible plan, call the Customer Service number on your ID card.

Covered Drugs List

Your plan has a covered drug list, or formulary, that includes thousands of generic and brand drugs, but not every drug is covered. How much you pay for the drugs on the list depends on the plan you choose and the drug you buy. If you fill a drug that is not on the covered drug list, you could have to pay the full cost of the drug.

Two things a covered drug list can tell you:

1. If there are other drugs you can take for your health problem that will cost you less.
2. About any rules that you must follow before a drug is covered.

Pay close attention to what your plan has. Is it a 2-tier pharmacy plan or a 3-tier pharmacy plan?

This means your plan has either two tiers of cost for drugs or three tiers of cost for drugs. Drugs in the lower tiers cost less than drugs in the higher tiers. To save money, start with a drug in tier 1. If that one doesn't work, you can move up to a higher cost drug in a higher tier, and so on.

2-Tier Plans			3-Tier Plans		
Coinsurance will apply once your deductible is met.			A separate drug deductible may apply, then copayments or coinsurance.		
Tier 1	\$	Generic drugs	Tier 1	\$	Primarily generic drugs, although some brand-name drugs may fall into this category
Tier 2	\$ \$	Brand drugs	Tier 2	\$ \$	Includes traditional and specialty brands and generics and biosimilars
			Tier 3	\$ \$ \$	Includes traditional and specialty brands and generics and biosimilars and covered compound drugs

Find out if your drugs are covered before you fill

You and your doctor can check to see if drugs you take are covered at www.bcbsla.com/pharmacy. If your doctor orders a new drug for you, ask him if the drug is on your covered drug list before you go to the pharmacy.

Choose the Plan That's Right for You

Your Plan's Metal Level

Blue Cross offers healthcare plans in three metal levels – bronze, silver and gold. Plans in each metal level have similar benefits, but differ on how the costs of the benefits are applied.

Bronze \$	This level has the lowest monthly premium, but also has the highest deductibles. This means you'll pay the highest amount of up-front costs for your healthcare with a Bronze level plan.
Silver \$\$	This level has slightly higher monthly premiums than bronze, but also richer benefits. If you qualify for extra savings, called cost-share reductions, you must choose a silver-level Marketplace plan.
Gold \$\$\$	This level has even richer benefits than silver, but also a higher monthly premium.

Blue Cross and HMO Plans by Metal Level

We're proud to offer a range of plans to suit your needs and your budget. You may enroll in any of our plans starting Nov. 1, 2021. You can receive coverage as early as Jan. 1, 2022.
